

ONE-BOX Distribution box in EPP

Description:

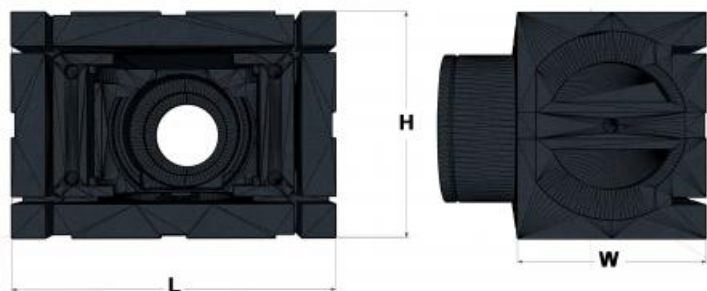

Universal EPP plenum kit for ONE BOX® series grilles. Hygienic material with perfectly smooth internal surface and excellent insulation characteristics ($\lambda = 0.042 \text{ W / mK}$). Exclusive reduced depth design for installation even on interior walls. Exclusive conception of simple coupling couplings as well as tightness thanks to internal threads. Possibility of filter insertion.

Open outputs to be closed on site based on desired attacks.

Supply including:

- black painted collars with clips for coupling to the rear pins of the EGA ONE series grilles.
- Foldable metal eyelets on the bottom for anchoring to masonry walls as well as fronts for anchoring to plasterboard walls.
- adapter for DN 75 / 90mm outputs
- plug for closing unused outputs
