

EDBTA-3 Electronic ambient thermostats

Description :

Electronic ambient thermostat with selectors :

- on / off
- proportional 0-10V
- 3 speeds
- S/W: summer / winter

Characteristics :

Material : Self-extinguishing plastic container
Colour : white
Protection : IP 30
Power consumption : 1W
Sensor : RTD NTC10K
Set-point : from +5 to + 30 ° C
Operation temperature : 0 to + 40 ° C
Power supply: 24/230 Vac \pm 10 %
Outputs:
- On / off relays SPDT 230 VAC 8A
- Proportional 0-10 Vdc

Operating data and price list

* 393-433 equal to 383-433 with a display to see the temperature
S : Summer - W : Winter
