

EFTR 2V Rigid bags filters

Description

High efficiency rigid bags filter.

Characteristics

Plastic support frame.
Glass microfiber media.
Final pressure drop 450Pa.

Use

- air treatment units.
- pre-filtration for high efficiency filters.
- filtration in paint booths.

Operating data

Pa : Pressure drop in Pascal

Filtering classes from F7 till to F9 (EN 779:2012)			
filtration efficiency class	F7	F8	F9
initial pressure drop	140	160	180
max temperature	70°C	70°C	70°C
relative humidity	100%	100%	100%

Dimensions and price list

Dimensions are expressed in mm
